"Education is the most powerful weapon which you can use to change the world."

– Nelson Mandela

The M.R Class Society believes in student-empowerment through education. The strength of the nation lies in the strength of the student community. The society lays its focus on achieving unparalleled excellence by optimizing the potential of students, and working towards their holistic growth, for the welfare of the society, and humanity at large.

[About classes](#)

Students need to be in classrooms that inspire them—spaces that are light, airy, and filled with examples of work that they aspire to do. Each school will have a variety of spacious classroom settings. Some will be more traditional in the way that we envision classrooms now, but others might be set up outside or within an atrium or amphitheater. There might be desks, cushions, or benches arranged in rows or circles—however the teachers want

them, as not every classroom will follow a template. Each classroom will be set up based on what is necessary to meet learning objectives.

About faculty

-D.R Modi

Physics professor

Leveraging my 14+ years of experience, I anticipate that I will be able to contribute highly to helping students meet their curriculum goals, and provide them with a wider view of perception of this form of science.

Mahesh Komal-

Maths professor

Since I have taught students ranging from ages 8 to 16, I am well aware of all levels of Maths education and can quite comfortably incorporate technology into regular lessons. I believe this skill will help students in learning through both conventional means and modern ways.

-Neeta Sarode

Biology professor

I am an enthusiastic and passionate individual who enjoys sharing knowledge with a proven record of helping children progress through positive learning experiences. I have enriching experience in training and developing the effective behaviour management system of children.

Vinod Guptapapa
Chemistry professor

A Teacher is responsible for preparing lesson plans and educating students at all levels. Their duties include assigning homework, grading tests, and documenting progress. Teachers must be able to instruct in a variety of subjects and reach students with engaging lesson plans. And I plan to do just that!
